

DECODE LIFE TRANSFORMATION · LEVEL 2

Decode What the Body & Life Speak

शरीर और जीवन की भाषा समझें

An invitation to our Module 1 graduates — the deep dive begins.

Eight Weeks of Learning · Four Months of Real-Client Internship · Live with ManuDada

You learned the tools. Now become the practitioner.

In Module 1, you mastered seven modalities — hypnotherapy, energy work, tapping, regression and more. You can already calm a mind and move energy.

But knowing the tools is not the same as confidently sitting with a real person in real pain — reading what is truly wrong, and guiding them all the way to relief.

Module 1

The instruments

Module 2 (Level 2)

The practitioner

Who reads the root cause and resolves it.

The Multi-Lens Decode

Read any life challenge through eleven complementary lenses — then integrate them into one clear, evidence-informed path, always alongside medical care.

UNDERSTANDING LENSES

PATTERN-RECOGNITION LENSES

Self-Hypnosis and EFT are the two core lenses, woven through nearly every week.

Advanced techniques you'll master

Level 2 deepens your Module 1 modalities — and adds powerful new methods for real client work.

Meaning

A six-month journey, not a quick course

PHASE 1 · MONTHS 1-2

Learning

Eight weeks of live, guided learning — the multi-lens decode applied to all eight life challenges, with ManuDada.

PHASE 2 · MONTHS 3-6

Internship

Four months handling real clients under a senior trainer's guidance — you build true confidence on live cases.

Two months to learn the craft. Four months to live it.

After you graduate — two paths open

Both walk under the DLT platform, with senior trainers beside you.

सेवा मार्ग

The Path of Service

- Serve and guide real clients
- Resolve challenges using the multi-lens decode
- A senior trainer guides your case strategy
- Session income shared 50-50 with the platform

ज्ञान मार्ग

The Path of Knowledge

- Teach students under the DLT platform
- Lead your own batches as a trainer
- Earn per batch and per student
- Grow as a senior practitioner-teacher

How earning works

The platform gives you the structure, the clients, and the mentorship. What you earn depends on your own skill and commitment.

1

Client sessions

Charge for sessions after internship — income shared 50–50 with the platform.

2

Teach per batch

Lead training batches under the DLT platform and earn for each batch you run.

3

Per student

Earn as students join the batches you teach and mentor.

4

Senior guidance

A senior trainer guides your strategy — so your results, and your earning, can grow.

Earnings are not fixed or guaranteed — they reflect your skill, effort, and the clients you serve.

Your credential & your support system

University-recognised

A certificate co-issued through Medhavi Skills University (UGC), QR-verified.

Certified DLT Practitioner

Graduate with a real professional title — ready to practise, not just to understand.

Senior-trainer mentorship

Throughout the internship, a senior trainer guides how you resolve each client's challenges.

A community for life

Mission Niramaya circles, the HealersMeet platform, and a fellowship of practitioners.

Your investment

Comparable training, mentorship and a supervised internship would typically cost upwards of ₹3,60,000 (≈ \$3,760)

YOUR PROGRAMME FEE

₹60,000

+ 18% GST

Total payable ₹70,800 ≈
\$740

USD approximate; varies with the exchange rate.

MONTHS 1-2 Learning

MONTHS 3-6 Internship & mentorship

What it includes

- Eight weeks of live learning with ManuDada
- Three to four months of supervised internship
- Senior-trainer mentorship on live cases
- Advanced techniques (Hypnodrama, Surrogate Hypnosis, Energy-Field Healing, Acupressure & more)
- University-recognised certificate (Medhavi · UGC)
- HealersMeet profile, platform & lifetime community
- Two earning paths — Seva & Gyan Marg

Eligibility: open only to graduates who have completed Module 1.

The smartest investment you'll make

One fee. A skill you practise for life.

₹393 / day

≈ \$4.1 a day across the six-month journey
— less than a daily coffee.

~29 sessions

If you charge ₹5,000 a session, your share is ₹2,500. About 29 sessions covers your full fee — the rest is yours.

Lifetime practice

The fee is one-time. You practise as a DLT Practitioner for years to come.

Two pockets, not one

Serve clients (Seva Marg) — earn from your sessions. **And teach** (Gyan Marg) — earn again, per batch and per student. The same investment can open a second income.

Grab this opportunity.

Figures are illustrations only; earnings depend on your own practice and are not fixed or guaranteed.
